

Need of SDP

What is employee development?

Staff Development Program is a process of improving employees' existing competencies and skills and developing newer ones to support the organization's goals.

Employee development isn't just about developing organizational L&D strategies

- It's more than just implementing mandatory employee training
- It goes way beyond meeting with employees annually to discuss their shortcomings and highlighting improvement needs

About Vidyawadi

Located in the most picturesque and peaceful part of western Rajasthan, Vidyawadi is a premier educational residential institution for girls.

We proved ourselves as a Centre of Excellence in developing global competencies through knowledge creation and dissemination, character building, and social commitment.

We aspire to shape a better future for mankind by developing effective and socially responsible individuals and organizations. We focus on the all-around development of our students.
